

The Camp Moosehorn OHV Area is located on Forest Road 5550 between Canyon Junction and Mystery Saddle along the ridge that divides the Eldorado watershed from the Canyon Creek watershed. It is part of the original Lolo Motorway from the Clearwater River to Weitas Meadows, Bald Mountain, and Wendover Ridge. Since these roads are closed to large vehicles, unlicensed riders and vehicles are permitted as long as each vehicle has an Idaho OHV sticker. There are several openings where riders have a view of Dollar and Eldorado Creek valleys and also of the Weippe Prairie.
